Main Restaurant

At our SPA Hotel, cuisine is an essential part of the wellness journey. Thanks to the close collaboration between our Chef and SPA Manager, every dish is a harmonious blend of natural ingredients. The dining experience begins with a generous buffet of starters, featuring meat, fish, vegetarian specialties, and a selection of fresh salads. It continues with an à la carte menu and concludes with an irresistible dessert buffet, ranging from timeless traditional favourites to contemporary creations.

Panoramic Fondue

Let yourself be enveloped by the rich, comforting flavours of our fondues. From the renowned Swiss Raclette cheese and the traditional Gruyère fondue to the classic beef Bourguignonne and our irresistible chocolate variations, every bite is a celebration of Alpine culinary tradition.

Stua da Legn

Stua da Legn is Livigno's first vegetarian and vegan restaurant. Not a response to a trend, but a conscious choice, embraced with conviction and shaped over time. Guided by a zero-waste approach, kitchen trimmings are transformed into ferments, broths, and infusions, ensuring every ingredient has a purpose before leaving the kitchen.

Cooking Class

Our Chef and his brigade will guide you through an authentic culinary experience, discovering the flavours of Valtellina as you learn to prepare the famous pizzoccheri, one of the region's most iconic traditional dishes.

Step by step, our Chef will share his secrets, techniques, and expert tips that make this recipe so special, allowing you to recreate it at home and savour the authentic taste of Valtellina long after your stay.
